Choice Hotels International's proposed combination with Wyndham Hotels & Resorts would significantly accelerate both companies' long-term organic growth strategy for the benefit of all stakeholders.

- Franchisees win with lower total cost of ownership and increased hotel profitability.
- Shareholders win with superior value creation.
- Guests win with more lodging options and value.
- Associates win with expanded opportunities and increased stability.

Patrick Pacious, Choice CEO, commented, "We have long respected Wyndham's business and remain convinced of both the many benefits of the combination and our ability to complete it."
